

"GLOBAL CHALLENGES FOR PREVENTIVE REGENERATIVE MEDICINE & STEM CELL AS FUTURE THERAPY"

SECOND ANNOUNCEMENT

THE 1ST INTERNATIONAL HEALTH CONFERENCE

PREVENTIVE ♦ REGENERATIVE MEDICINE ♦ STEM CELL

SANUR, BALI, INDONESIA | 2 0 2 3

10 - 12 November 2023 | 9AM - 5PM

Sanur Convention Center

Sanur, Bali, Indonesia

INTRODUCTION

The 1st International Health Conference 2023 is a global forum designed to facilitate the exchange of ideas, knowledge, and innovation in health sciences. This event serves as a meeting point for experts, healthcare professionals, researchers, and visionary thinkers from around the world, in a collective endeavor to shape a better future for global health.

Aiming to advance health knowledge and practices, the conference is crafted to ignite meaningful dialogue, promote collaboration, and inspire innovation. This aligns with the conference's vision to bolster the development of health sciences and to enhance the quality and effectiveness of healthcare worldwide. Participants will have opportunities to broaden their professional networks, gain up-to-date insights, and delve deeper into global health and beauty trends.

The 1st IHC 2023 has a distinct focus on the New Era of Preventive, Regenerative and Anti-aging Medicine and Stem Cells as the future medicine. This conference also share about update in plastic surgery and aesthetic medicine. And there will be workshop and symposium about Mesenchymal Stem Cells for Degenerative Spine Disease, Aesthetics, and Anti-Aging. Understanding Stem Cells, Secretome, and Exosome, Bio Identical Human Growth Hormone for Preventive, Regenerative Medicine, Anti-aging and Men Vitality.

We are committed to exploring the latest advancements, understanding the prevailing challenges, and identifying exciting opportunities within these sectors. The event will be held in the Special Economic Zone of Sanur, Bali, the island renowned for its beauty and currently evolving as a hub for health and wellness. During the conference, participants will be able to explore and understand Bali's unique potential in the context of Health Tourism.

10 - 12 November 2023 ♦ **Sanur Convention Center** ♦ **Bali, Indonesia**

WELCOME MESSAGE FROM PRESIDENT OF THE 1ST INTERNATIONAL HEALTH CONFERENCE

**Assalamualaikum Warahmatullahi Wabarakatuh, Peace be upon us all,
Shalom, Om Swastyastu, Namó Buddhaya, Greetings of Virtue**

Warmest greetings to all esteemed participants, dedicated professionals, and honored guests,

As the Chair of The 1st International Health Conference 2023, I am delighted to welcome you all to this globally significant event. Nestled within the serene landscape of the Special Economic Zone (SEZ) in Sanur, on the captivating island of Bali, we gather to engage in vibrant discussions on the future of health.

This year, our discussions will be centered on the pivotal areas of Stem Cells, Aesthetics, and Anti-Aging - three fields that are profoundly shaping the trajectory of global health. Each of these areas is charged with extraordinary potential and poses intriguing challenges that necessitate our collective expertise and insight.

The scientific intrigue of Stem Cells and their promising potential for treating a myriad of degenerative diseases offers us a chance to redefine the boundaries of health interventions and patient care.

Simultaneously, the domains of Aesthetics and Anti-Aging serve as a testament to our pursuit of holistic wellbeing, underlining the importance of not just being healthy, but also feeling and appearing so. As we delve deeper into these topics, we also dive into our understanding of human aspirations for health and longevity.

**Prof.dr. Deby Susanti Pada Vinski .Msc.PHD
President of The 1st International Health Conference**

The 1st International Health Conference 2023 is a dynamic space for thought-provoking dialogues, facilitating robust collaborations, and catalyzing groundbreaking advancements in these vital spheres of health. I firmly believe that our collective insights and deliberations over the course of this conference will yield innovative solutions and guide our response to the emerging health challenges of the 21st century.

I invite you all to take full advantage of this opportunity to engage in enlightening conversations, share your unique insights, and collaborate with fellow trailblazers in the field. Let's work together to construct a healthier and more prosperous future for all.

Once again, I extend my warmest welcome to the International Health Conference 2023.

10 - 12 November 2023 ♦ Sanur Convention Center ♦ Bali, Indonesia

WELCOME MESSAGE FROM MINISTER OF HEALTH

**Assalamu'alaikum Warahmatullahi Wabarakatuh, Peace be upon us all,
Shalom, Om Swastyastu, Namoh Buddhaya, Greetings of Virtue**

To all respected participants and colleagues,

As we inaugurate The 1st International Health Conference 2023, allow me to express my sincere appreciation for the dedication and commitment demonstrated by every individual and organization involved in this pivotal conference.

This year, International Health Conference brings to the fore three main topics that are key in the development of current health sciences, namely Stem cells, Aesthetics, and Anti-aging. These topics hold extraordinary relevance and potential in shaping the future of health practices worldwide.

The discussions on stem cells will provide a deeper understanding and insight into how this technology can be used to repair or replace damaged tissues, and the potential of its applications in treating various degenerative diseases

Ir. Budi Gunadi Sadikin, CHFC, CLU
Minister of Health

Meanwhile, the topic of aesthetics and anti-aging underscores the importance of understanding and responding to individuals' needs to feel and appear healthy, both physically and psychologically. This is a constantly evolving field, and with in-depth discussions, we can help set new standards in this practice.

The 1st International Health Conference 2023 is an ideal platform for exchanging ideas, fostering collaborations, and enhancing our understanding of these crucial topics. I am confident that this conference will spark productive, innovative, and inspiring conversations that will aid us all in understanding and addressing the health challenges of this century.

Let's seize this opportunity to learn and share, to open our minds to new ideas, and to build a network of collaborations that will advance our health and wellbeing.

Warm regards and welcome to participate in The 1st International Health Conference 2023.

10 - 12 November 2023 ♦ Sanur Convention Center ♦ Bali, Indonesia

WELCOME MESSAGE FROM THE MINISTER OF STATE-OWNED ENTERPRISES

**Assalamu'alaikum Warahmatullahi Wabarakatuh, Greetings to all of us,
Shalom, Om Swastyastu, Namoh Buddhaya, Greetings of Virtue**

Welcome to The 1st International Health Conference.

It is an honor and a pleasure to open the doors to a world where health transcends borders. This inaugural event symbolizes our shared commitment to improving health standards and practices globally, while also highlighting the potential of health tourism.

Our country is not only the backdrop for this conference, but also a testament to the importance of combining wellness with rich cultural experiences. When we advocate for health tourism, our goal is clear: to offer unparalleled healthcare services while showcasing the heart and hospitality of our country.

This conference is just the beginning—a maiden voyage into a sea of opportunities, discussions, and innovations. Your presence and participation here today lays the foundation for what we believe will be a long-lasting tradition of knowledge exchange and progress.

H. Erick Thohir, B.A., M.B.A.
Minister of State-Owned Enterprises

We invite you to engage, share, learn and collaborate. Together, let us chart a course for a brighter and healthier future for all.

Thank you for being part of this historic event.

Best wishes,

10 - 12 November 2023 ♦ Sanur Convention Center ♦ Bali, Indonesia

WELCOME MESSAGE FROM MINISTER OF TOURISM & CREATIVE ECONOMY

Greetings of Virtue for us all,
Shalom, Om Swastyastu, Namó Buddhaya

To all respected delegates,

Welcome to The 1st International Health Conference 2023. As the Minister of Tourism, I am proud to welcome you all to this conference, held in the heart of our medical tourism hub, Bali, and specifically in the Special Economic Zone (SEZ) of Sanur.

Medical tourism has become a crucial pillar in our tourism and our economy. In line with this, this conference marks another significant step towards advancing health services in Southeast Asia to be better, more effective, and more equitable. This conference invites us all to reflect and discuss how we can leverage the potential of medical tourism and health to support societal development and wellbeing.

Bali, famous for its beauty and hospitality, is now also recognized as a world-class medical tourism destination. By combining top-notch health care with a beautiful and relaxed environment, Bali has set a new standard in medical tourism.

DR. H. Sandiaga Salahuddin Uno, B.B.A., M.B.A.
Minister of Tourism & Creative Economy

This conference provides a golden opportunity to further understand and plan the subsequent developments in this field.

I am confident that the discussions and collaborations generated in this conference will help accelerate the development of medical tourism in Indonesia and Southeast Asia. By sharing knowledge and experiences, we can pave new paths and help shape a better future in medical tourism.

I invite you all to learn, share, and collaborate in this conference. Let us seize this momentum to formulate strategies and steps that will benefit medical tourism and the broader health sector.

Warm regards and welcome to participate in The 1st International Health Conference 2023.
